

CAULFIELD LACROSSE

Hopefully most of you were in attendance for our Quiz Night, if not you missed out on a brilliant night! Never fear though, given its success we think Brian will return with his unique & engaging spin on trivia making it an annual event! Bring on 2020! Once again thank-you to everyone who attended, assisted, donated & our awesome club supporters The Joint Physiotherapy & Djinta Djinta Winery.

The club hosted the opening round of boys finals last week and it was a perfect morning in the park with the smell of spring in the air, we were lucky because it didn't last long!

Our **U13 Caulfield/Camberwell** boys team narrowly lost their semi final against Chadstone/Malvern whilst the **U15 Caulfield/Malvern** boy's team had a fantastic win over Williamstown and progressed straight through to the Grand Final. Pencil the following date and time in your diaries;

10:30am @ Surrey Park v
winner Williamstown/Eltham

The next round of boys and men's finals is being held at Altona this **Saturday 24/8**.
The **U17 Caulfield/Malvern** boys team are playing off against **Williamstown**
@10:30am with a win sending them straight into the GF/double chance.

SUPER SUNDAY - 12 Games

B Grade SEMI FINAL/ SL (Rnd 15) @ 3:15pm

F1 Williamstown W Gold v Altona (B)
F2 Newport v Williamstown W (SL)
F3 Eastside v Footscray (SL)

This is the last & largest round of games for the season and a great earner for the club. The success of the day is entirely dependent on our volunteers, we can't do much about the 12 degree forecast!

Thank you to those who have already volunteered! We still have a few more spots to fill & would really appreciate the extra help, which also lightens the load for the workhorses of the club. Please click on the **VOLUNTEER HERE** button below to register.

SNR PRES NIGHT

Anyone remember the creepy movie One Hour Photo?

If you or someone you know has the expert photo skills like the character in this movie WITHOUT the creep we'd love to hear from you!

The club is wanting to create a digital photo library which will involve sorting through old photos and looking for a means to feature and preserve old and new photos going forward. Anyone who has a background in photography, graphics and preserving the club history please contact the committee
